MARCONI AT A BANQUET.
HALIFAX (N. S.) Dec. 30.—The citizens of Sydney gave a monster banquet to the inventor of the wireless telegraph tonight at the Sydney Convention Hall. The inventor, in response to a toast to his health, referred to the valuable assistance given him by the government of the United States, Canada and Italy, and said that the public need not be surprised in the future if wireless messages were flashed across the Atlantic for a cent a word.

UNCLE SAM KEEPS DOWN HIS ELATION.

Does Not Wish it Known That He Has Forced the Powers.

Note Thanking the Allies Regarded as a Master Stroke of Diplomacy—Europeans Silently Assent to the Proposition That no Question of National Honor or Cession of Territory is Involved in Arbitration at the Hague.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, Dec. 30.—(Exclusive Dispatch.) Officers of the government who have been concerned in negotiations for the settlement of Venezuela's troubles are elated over the views of European newspapers and public men, that the settlement of the Venezuelan crisis has been saved by the attitude of the United States. It is the effect of the negotiations on the Hague court more than the prospective establishment of peace in Venezuela that gives the administration greater satisfaction. The opinion appears to be general among officials that the permanent peace tribunal has received a new lease of life, and that the outcome of the efforts of this country to bring about arbitration of international disputes by that distinguished body will be of incalculable benefit to the civilized world.

"As for the President and Secretary Hay, who were chiefly instrumental in having the difference between Venezuela and the European allies transferred for adjustment to The Hague, it may safely be said that while having pardonable pride in what they have accomplished, they deplore the state of affairs in American and European newspapers that they have achieved a victory over the governments of Great Britain, Germany and Italy. On the contrary, they do not regard as fair any assertion that they 'forced' European powers into accepting the terms laid down by the United States. Throughout the diplomatic exchanges with this government, the allies showed an exceedingly temperate spirit and intended a settlement, which, about a reasonable settlement, which, in view of the American attitude, was exceedingly complimentary to the President and Hay."

Such comment has been caused here by a note of thanks to the allies for their agreement to permit reference of the Venezuelan trouble to The Hague tribunal, that there was no question of national honor or cession of territory involved in arbitration. The note is the best means of the part of the allies must be construed as an acceptance by them of the understanding indicated in Secretary Hay's note. At the same time, it will be taken, it will be impossible for England, Germany and Italy to bring before the tribunal, without offending this government, any charge that the national honor of any of them is affected by the settlement. A tribunal consider the matter of permitting them to occupy Venezuelan territory, even temporarily, to insure the payment of the award which the arbitrators will make.

However, the terms of the protocol, setting forth the scope of arbitration, will be known to the United States before the arbitrators are selected. The controversy, and should anything as the compact appear to confer on the tribunal, even remotely, authority to consider a cession of territory of the United States, the attention of the arbitrators will be directed to the misapprehension on this point by pointing to Article XXVII of The Hague convention as justification for the attitude of the United States. The article reads: "The signatory powers consider it their duty, if a serious dispute threatens to break out between two or more of them, to remind these latter that the permanent court is open to them."

GAME OF DIPLOMACY.

CANAL INVOLVED THEREIN.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Dec. 30.—(Exclusive Dispatch.) The game of diplomacy which England and Germany are playing in Venezuela is believed to involve much more than the collection of debts, in the opinion of Senators who look beneath the surface of events to discover the incentive for action by the arbitrators. The Secretary of the Monroe doctrine phase of the Venetian question will be considered fully in private conferences. The effect of such consideration cannot result in anything else than increased watchfulness of the action of England and Germany.

There is another and most important element that enters into consideration which, it is believed, will come home to the United States. And it is that England and Germany are playing a waiting game, and that to transfer their present difficulties to an arbitration board at The Hague, would be an assistance to them in their purposes.

Pending that arbitration, it is expected the Panama Canal problem will be solved, and if it is accomplished by upholding the contention of this country that it must have a strip of territory along the line of the canal in perpetuity, over which it will exercise sovereignty, England and Germany, not having objected in the meantime, will put forward the plea that the action of the United States itself will, to a large extent, have nullified the Monroe doctrine. While the declaration carried by that doctrine is that the monarchial nations of Europe shall not extend their sovereignty on the American Continent, yet its salient feature has been the declaration "Hands off" for all the world, including this country. But when the United States does what it says England and Germany shall not do, the situation, it is believed, will be changed. Of course, the

GOT COLD COMFORT.

Senator Scott Leaves White House.

Oddly Enough He Drops the Hint He Will Not Support the Reciprocity Treaty.

At the Same Time He Says That C. H. Payne Will Not Be Minister to Liberia.

California Crop Bulletin—Return from the Country—Hermann's Subordinates Plead.

WASHINGTON, Dec. 30.—(Exclusive Dispatch.) Senator Scott of West Virginia called on the President yesterday to ask for a Federal appointment, and got cold comfort. By a curious coincidence, as he left the White House he indicated that he was not in favor of the Cuban reciprocity treaty, which the President desires to see adopted.

The Senator wants to have C. H. Payne, a negro of Huntington, W. Va., appointed Minister to Liberia upon the resignation or removal of Minister Cromwell. Scott, who is a close friend of Payne, is a close friend of the President, and he knows that if there was a new Minister to Liberia it would not be a West Virginian man. The chances are said to favor somebody from Maryland. When Senator Scott came out, he said: "Mr. Payne will not be thoroughly pleased with the news that I have to send him. It is hardly likely the President can give him any consideration as the matter has been thoroughly arranged. Payne is highly thought of by the people of our State, and has their support, but he will have to stand aside this time, it seems."

Then the Senator talked about Cuban reciprocity, and let fall the hint that he was not in favor of the treaty. "Fair and full consideration will be given the Cuban reciprocity treaty by the Senate, but it would be premature to say anything else. If we give reciprocity to Cuba, what shall we do to France and other countries which desire reciprocal trade advantages?"

ATTACK ON GOODNOW.

AMERICANS ACCUSE CONSUL.
(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, Dec. 30.—John Goodnow, United States Consul at Shanghai, has been made the object of a personal attack by the American Association at Shanghai, and the charges will be fully investigated by the State Department. The principal charge is connected with the transfer from the Chinese to the American flag of a vessel. It is alleged that the Consul-General charged excessive fees for his part in the transfer. Again, it is charged that he refused to perform his duty in ordering a court of inquiry to examine into the facts connected with the wreck of this ship.

Mr. Goodnow has put in a vigorous defense, asserting that the first charge, based principally on the affidavit of Chinaman, was untrue. To the second charge, he replies that he was not approached by any authorized person to order the court. It is expected that when the State Department comes to take up the case, the questions at issue being mainly in fact, it will refer the matter to the United States Legation at Peking for investigation and report.

ASIATIC SQUADRON.

THREE DIVISIONS PROPOSED.
(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, Dec. 30.—The Navy Department has decided to divide the Asiatic squadron into three divisions, instead of two, as at present, and to send out another flag officer. The heavy battleships will be under command of Rear-Admiral Evans, who also will be in command of the entire squadron; the cruiser and destroyer command of Rear-Admiral Cooper, who is to succeed Rear-Admiral Wildes, and a new division, consisting of a vessel, will be under command of Rear-Admiral Yates Stirling, now commanding of the Puget Sound Navy Yard. The latter will raise his flag on the gunboat Rainbow, and will have his general headquarters at Cavite.

SPECIAL CROP BULLETIN.

GRAIN YIELD IN CALIFORNIA.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Dec. 30.—(Exclusive Dispatch.) A special bulletin issued today by the Department of Agriculture shows that in the season of 1902 there were 2,652,675 acres of winter wheat in California, from which 23,742,991 bushels of wheat were harvested. The corn acreage amounted to 60,200 acres, with a yield of 1,829,159 bushels. There were 126,806 acres of oats, yielding 1,105,533 bushels. The total value of the leading farm products in the United States December 1 was \$2,897,595,416.

RETURN FOR THE COUNTRY.
(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, Dec. 30.—Final returns to the statistician of the Department of Agriculture from the regular and special correspondents, supplemented by reports of special agents, show the acreage production and value of the principal farm products of 1902 to have been as follows: Corn, average acre, 34,942,613; production, 2,232,448,312 bushels; farm value, December 1, 1902, \$1,017,017,345. Winter wheat, average acre, 25,551,429; production, 412,

Consequently, they declare that the fact of reminding the conflicting parties of the provision of the present convention, and the advice given to them, in the highest interests of peace, to have recourse to the permanent court can only be regarded as a friendly action.

The paragraph was proposed by France, and stipulated enough, it was opposed, principally by the United States, yet the United States is the first of the nations to avail itself of its provisions. The reason for the opposition of our delegates was a fear on their part that it would seem to be a bestowal of power upon European countries to intervene in American affairs, and in a manner an infringement of the Monroe doctrine. The French delegates were exceedingly anxious to carry the paragraph, however, and they finally succeeded in quieting the opposition of the United States delegates through the reservation by the latter of the right to deal with American affairs in accordance with their established doctrine. This was thought to safeguard the Monroe doctrine, though it is held here that it only recorded an opinion of the United States delegates and did not bind The Hague tribunal as a whole.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

For the Teachers.

For the pleasure of the visiting school teachers, the Chamber of Commerce will remain open tomorrow afternoon between the hours of 1 and 5 o'clock.

Petition in Bankruptcy.

Jacob Berth, a farmer of Tulare county, yesterday filed in the United States District Court a petition in bankruptcy, in which he acknowledged debts, unsecured, to the amount of \$250. He has other debts that are secured.

Mexicans had Plunder.

Juan Salcedo and Antonio Gomez were picked up on Buena Vista street yesterday evening with a bunch of silk handkerchiefs, gloves, neckties and a quantity of cheap jewelry and some clothing in their possession. They were locked on suspicion.

Francis Reappointed.

George Francis, formerly secretary of the Young Men's Republican League of this city, and for the past four years reporter in the office of A. C. Gen. Ford, has been reappointed to that position by Atty.-Gen. Webb.

Young Girl Missing.

Hazel, the twelve-year-old daughter of R. M. Kilgus, of Moneta, left home on the 27th inst. and has not been heard of since. She took a car to San Pedro, and diligent search on her father's part has failed to disclose any clue as to her whereabouts.

Tramps' Discovery and Haul.

While J. A. Craig, who lives at Wisconsin, was away from home yesterday, a tramp got into his house and stole some clothing, a pair of shoes, some jewelry, a revolver, and \$10. Craig met the man on the road near the house, but didn't discover his loss until afterward.

Arkilla's Condition Improved.

A. L. Arkilla, the fireman of the Santa Fe overland, No. 7, who was seriously injured in the collision at Elgin on Monday morning, was slightly improved last night. His attendants at the Sisters' Hospital believe that his chances of recovery are good.

Abused Rancher's Hospitality.

E. F. Russell, employed on W. E. Cummings' ranch at Hollywood, entertained a tramp in his cabin last Friday night. When the guest had left in the morning, Russell discovered that \$25.00, a razor and a pair of shoes were missing. The hobo was an engaging young fellow.

Friends' Revival.

Increased attendance and success are noted at the revival in the Friends Church, conducted by Rev. Levi D. Barr, the pastor, assisted by the singing evangelist, H. N. Jeffery, and the veteran apostle to the Quakers, John Henry Douglas. Meetings are held daily at 2 and 7:30 p.m.

Boy Wants Parents.

Chief Elton received a letter yesterday from Louis D. Taylor, written from San Diego asking for information concerning his father, John Taylor, his mother and brother. They were traveling from Colorado, and the folks left him at Las Vegas, N. M. He expected to meet them here several days ago, but was disappointed.

Old Soldier Robbed.

Julius Bolversen, an old soldier up from the Soldiers' Home, told the police last night that he was robbed of \$25 and a watch somewhere near Fourth and Los Angeles streets during the evening. He was drunk in the afternoon, and met a whole lot of chummy fellows, so he didn't know which one stole from him. Whoever it was gave him back 50 cents as a free-will offering.

Killed by a Train.

The mangled body of an unidentified man was found near Saugus yesterday morning by a Southern Pacific track-walker, and beside it was a grin. The remains were brought to this city last night and removed to Garrett's morgue, where an inquest will be held today. No examination of the dead man's effects has been made. The supposition is that he was struck by a train or was riding the brakebeam and fell under the wheels.

Watch-night Meetings.

Watch-night meetings will be held tonight in a number of the city churches. At the First Methodist Church the service will commence at 10 o'clock, the first hour being in charge of the Epworth League, the second hour in charge of Dr. McIntyre. The meeting in the First Baptist Church will be at 8 o'clock and continuing until 12, but they have made a wise provision by breaking it in two in the middle and serving a lunch. Addresses will be made by Revs. Barker, Medford, Oram and Straub.

Philippine Veterans' Society.

Forty men residing in Los Angeles who have served in the United States Army or the navy, either volunteer or regular, in the Philippines, have signed an application for charter for a chapter of the National Society, Army and Navy of the Philippines. The headquarters of the veterans' organization are at St. Paul, Minn. Gen. Irving Hale is the national president of the organization, and Brig.-Gen. Charles King is third vice-president. A meeting to complete the state organization will be held on the evening of January 6, at the office of Capt. Bush Sparman at No. 438 South Broadway.

UNDER PEACE BONDS.

R. T. Franck Placed Under Restraint on Complaint of Dr. Peter Jans, Who Claims His Life Was Threatened.

R. T. Franck was placed under bonds in the Police Court yesterday to keep the peace, under a warrant sworn to by Dr. Peter Jans, who claims that Franck threatened his life. Over a year ago Franck assaulted Dr. Jans, but was not prosecuted, and since that time, it is said, he has made threats against the physician on different occasions. The defendant is represented as a "bad man," several false encounters being placed to his credit in Los Angeles and San Francisco and it is with a view to checking his pugilistic and pugnacious propensities that Dr. Jans says he swore to the complaint under which Franck is placed under restraint.

Franck is a pharmacist, having been employed in local drug stores, and at one time he was an attaché of the office of Dr. Jans. The physician claims that the man has been drinking lately and that while under the influence of liquor he is a dangerous man.

Back to the complaint which was filed against Franck is said to lie a tale of a more or less sensational nature.

MRS. LILLIE JOCLAR. DAVID CITY (Neb.) Dec. 28.—When court convened today for the trial of Mrs. Lillie, charged with the murder of her husband, the defendant appeared in a magnificent gown, and with her hair styled in the latest fashion, and her face was a study in beauty.

The testimony of Officer Sample was corroborative of that given yesterday by Dr. Stewart, and was presented by the State in an endeavor to prove that Lillie was shot from her wife's side, and not from the foot of the bed, as alleged by Mrs. Lillie.

Los Angeles County: Its Cities, Towns, Hamlets and Suburban Places.

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

PASADENA CITY COUNCIL ADMITS NEW TROLLEY.

CAMPBELL-JOHNSTON FRANCHISE TO BE ADVERTISED.

Nobody Knows Yet Who's Backing It—North Pasadena "Club" Man Missing. Mayor Explains About Band Concert Funds—Society Notes.

PASADENA, Office of the Times, No. 14 South Raymond avenue, Dec. 31.—We are to have a competing electric trolley between this city and Los Angeles. The City Council yesterday declared in favor of more electric accommodations. At the regular meeting it was decided to advertise for sale the franchise applied for by A. and C. S. Campbell-Johnston, this to be by February 1. The application is for twenty-five years, and was first filed on October 21, through Attorney H. W. Magee.

The Council does not know, or at least it is presumed by citizens that it does not know, who is back of the application besides the Campbell-Johnstons. Judge Magee declares that the same is not ripe for giving out this new. Some say it's the Traction Company, but a prominent local attorney declared a day or two ago that he had the Traction positively deny the charge. Another rumor has it that the Huntington interests are forcing the move in order to keep the

and the motions were carried unanimously. Judge Magee said last night: "We will start the bidding off at a good figure and the city will get all the franchise is worth. The bidding will be of course by auction, and if we haven't money enough to stay with it, why, we'll have to let somebody else take the franchise. We will begin building at once if we get the franchise. I can't say yet who are back of us, but that will be found out in due time. We now have a franchise in Los Angeles and through the Campbell-Johnston franchise, and will likely build our power-house near the center of the line. It was the applicant for the old horse-car franchise in this city in 1884. It built up the east part of town and now this new line will develop the west side."

COUNCIL ROUTINE. Various resolutions for street work were adopted. An application was received from T. C. Deal, who wishes to be mayor of the new city of Los Angeles, which breaks the Coast record held by the Harbor Palace team of Los Angeles, score 1907.

The South Pasadena Council has instructed its attorney to draw up a form for franchise for the Home Telephone Company, which is to be advertised for sale. A gang of men was put to work yesterday to finish the Bridge of Sighs at Raymond Hill.

Commander J. T. Parr, of the South Coast Yacht Club, yesterday pleaded guilty to speeding his automobile on Orange Grove boulevard and paid a fine of \$10.

The polo players and Indians for the Tournament of Roses parade are expected to arrive this morning.

SOCIETY NOTES. A social event which will be of some interest to ping-pong players is a ping-pong tournament which is to be given next week at Hotel Green by Mrs. E. A. Stevens.

LONG BEACH. Dec. 30.—Today's special municipal election resulted in a large majority in favor of the issuance of \$35,000 worth of bonds for a trunk sewer system.

There were 448 votes cast. Of these there were 244 in favor of the bonds, and 204 against. The bonds were voted on by the voters of the city, and the result was a clear majority in favor of the bonds.

Stevens, Herald, Miss Cooper and Dr. H. H. Sher. Mrs. Van Horn of Iowa is coming on New Year's Day to pay a visit to Mrs. George W. Collins of Pasadena avenue. Prof. and Mrs. Stephen Clark entertained for friends Monday evening at cards.

Miss Gertrude Colyer of Cypress avenue and Mrs. Samuel Wilkinson were married on Monday evening by Rev. M. J. McLeod.

The Tournament of Roses program for this year is a forty-four page, forty-four illustrations, a prize design in three colors on cover. Sold at Leonard's book store, 10c.

SEWER BONDS VOTED AT LONG BEACH. Carried by a SNUG MAJORITY OF OVER TWO-THIRDS.

Authorized Issue Amounts to Thirty-five Thousand Dollars and Contemplates Trunk Drainage System, Septic Chamber, Filtration Bed and Ocean Outfall.

Long Beach, Dec. 30.—Today's special municipal election resulted in a large majority in favor of the issuance of \$35,000 worth of bonds for a trunk sewer system.

There were 448 votes cast. Of these there were 244 in favor of the bonds, and 204 against. The bonds were voted on by the voters of the city, and the result was a clear majority in favor of the bonds.

The plan, which was prepared by City Engineer Foster, provides for a trunk sewer running along Second street from Alamitos avenue (not far from the Salt Lake Railroad) westerly to the low bluff leading to the tide flats, and draining into a septic chamber. From the septic chamber the purified sewage is to be conducted through an iron pipe into the ocean, several hundred feet from shore.

BEACH NOTES. President Charles R. Drake of the Seaside Water Company returned Monday from a trip to New York, and while there experienced what was said to be the coldest weather known in the eastern metropolis for many years.

Mrs. Drake says that his company has some elaborate improvements in contemplation for such beach and bath in the vicinity of the plunge bath-house.

Mrs. Alameda M. Leach, her son, Clarence Leach, and Mrs. Gardner Van Wickie, all of Los Angeles, arrived Monday, and are guests of Mr. and Mrs. F. S. Crane on American avenue. Mrs. Leach and Mrs. Crane are sisters. Mr. Leach is a railroad man.

An ordinance amending the present liquor ordinance is pending before City Trustees. It was drawn by City Attorney Frederick Baker, and was modeled after the state law of Iowa and Kansas.

It contains provisions requiring druggists to procure special permits for the sale of liquors, and to give bonds guaranteeing compliance with the ordinance. It prohibits the refilling of liquor prescriptions.

The telephone franchise question is still before the City Trustees. A petition asking that such a franchise be advertised for sale under the Broughton law was presented to the board two weeks ago. Since then a number of petitions both in favor of and against the granting of such franchise have been presented. Monday night a committee to which the question had been referred reported, recommending that with certain amendments the franchise be offered for sale as petitioned for.

POMONA. POMONA, Dec. 30.—Marvin L. Bostie has returned from a four months' eastern trip, having spent most of the time at his former home, Kokoha, Mo.

Mr. and Mrs. A. I. Gammon, formerly of Pasadena, but now residents of Redondo, are here with their family spending a few days with S. I. Ford and family.

Mrs. W. A. Bell is expected home soon from an extended visit with relatives at Fresno.

H. E. Schlichtenberg is arranging for a matched game of baseball between the business men of the north and south sides of Second street, to be played at Recreation Park, on New Year's Day.

Superintendent F. A. Wagner, his assistant principals, and all of the public-school teachers are now attending the sessions of the institute in Los Angeles.

P. E. Scott, manager of the Pomona Athletic Club, who pleaded guilty before Justice White last week to the charge of disturbing the peace, appeared before the justice this morning for sentence, and a fine of \$25 was imposed.

Deputy District Attorney Willis is here on duty. He is prosecuting the case of the People vs. Sylvester Loucks, charged with disturbing the peace on the last night of the carnival. Mr. Willis does not think his case will amount to much.

NOBODY IS EXEMPT.

A New Preparation Which Everyone Will Need Sooner or Later.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed if the organs are in a disordered condition, they need only a little help and they will straighten themselves out. Catarrhs irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Dr. Williams' Pink Pills for Pale People do this perfectly. They purify the blood and give the digestive organs the stimulation they need to do their work. When that is done you need no more laxative, unless you eat what does not agree with you. Then take one or two tablets—give them needed help and you will have trouble.

It's a common-sense medicine and a common-sense treatment and it will cure every ailment. Not only cure the disease but cure the cause. Once taken it is a perfectly sensible and scientific way.

We have testimonials enough to fill a book. We don't publish many of them. However—Mrs. E. M. Faith, of Ithaca, N.Y., says: "I have taken all the Tablets I get of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not done this I should have been at rest by this time."

Dr. Williams' Pink Pills for Pale People are sold by all druggists. If you cannot get them, write or call for our literature. No medicine. Beware of worthless imitations. Advertisements free. Send C. C. APPLANCE CO., Room 212, Union Station, First and Spring.
